

Featuring the following key components for a complete Central Vacuum System...

- **“PB240” Electric Powerhead**

Our Best Power Head, the PB240 offers many outstanding features. These include Durable Construction and a low profile design with 14 full inches (355mm) of carpet cleaning. This will allow for easy cleaning under and around most furniture. The four level height adjustment combined with four sure-glide wheels accommodates all carpet profiles and promotes exceptional maneuverability on all carpet surfaces.

- **Wands for Powerhead**

Cord management wands with easy-release feature.

- **30' Electric Hose with Gas Pump Handle**

An ergonomic design that includes a 360° swivel to help prevent hose tangling. Also has a convenient on/off switch to switch between surfaces with your electric powerhead.

- **Wall End for Standard Connection (6' cord)**

6' pigtail cord for providing power to electric powerheads. Useful on preinstalled systems that do not use the Supervalve connection.

- **Wall End for Supervalve Connection**

Provides 120 V direct connection to Supervalve (powered) connections.

- **Hardwood / Tile / Linoleum Tool**

Large hardwood and surface tool with soft rubber wheels that won't mark or scuff your delicate surfaces.

- **Essential Accessory Package**

- Upholstery Tool: Comes with natural bristles for use on your furniture or your upholstery.
- Dusting Brush: Comes with natural bristles, helps with cleaning dusty areas.
- Crevice Tool: Intended for those hard-to-reach areas.

- **Clip-on Tool Caddy**

Easily carry your attachments with you so they are handy. Clips onto your wands, use it to carry your upholstery tool, dusting brush and crevice tool together.

- **Extra Ratchet Telescopic Wand**

Adjustable length to accommodate varying user heights.

- **Wand Hanger**

Attaches to the wall and effectively holds onto your wand assembly.

- **Metal Hose Hanger**

Metal wire hanger for the storage of your central vacuum hose.
